

WAXNOMOR

The ultimate protection for heavy traffic floors:

Waxnomor.
For resilient floor coverings.

A building during normal working hours: doors opening, doors closing – a steady flow of visitors. Sand, tiny bits of grit and particles cause hundreds of little scratches on the surface of the

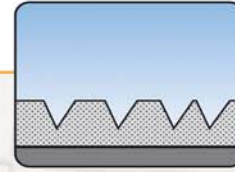

floor. Increasingly, the floor becomes more prone to repeated dirt accumulation, doesn't look well cared for – and doesn't last as long as it could.

REDUCES OVERALL MAINTENANCE EXPENSE
REDUCES ENVIRONMENTAL IMPACT
REDUCES WEAR AND TEAR OF FLOOR SURFACE

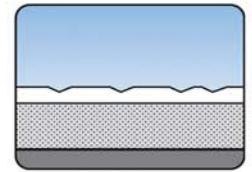

Extremely hard wearing with PU Sealer / Waxnomor:

Without PU Sealer / Waxnomor. Heavy use and wear, together with dirt particles can cause permanent damage to the surface structure.

PU Sealer / Waxnomor protects the surface and makes the floor particularly easy to clean and care for.

The solution: **Waxnomor**

- **guarantees a 6-fold long term protection against friction wear and scratching**
confirmed by independent survey
- **reduces cleaning costs**
reduced cleaning cost bring quick return on investment
- **extends the lifetime of the floor in use**
by not stripping and avoiding direct wear and tear
- **limited business interruption**
compared with the fuss and bother of replacing the floor covering
- **improves the standard of hygiene**
due to a chemical resistant surface which is also microbiologically sealed
- **guarantees safety, prevents slipping**
independently tested

Continuously effective in regular use for:

Department stores, shops, offices & administration, hospitals, medical practices & nursing homes, schools & sports facilities, food areas, staircases and more

Especially suitable for:

Vinyl and Design floors, as well as linoleum, rubber, VAT, and epoxy floors to name a few

Most Important:

- suitable for heavy traffic floors.
- provides more resistance to surface damage.
- economical and eco friendly.
