

# MARKNOMOR

## Hair Dyes, Chemicals and Disinfectants? No Problem.

### **Marknomor.** For resilient floor covering in salons, laboratories, medical facilities

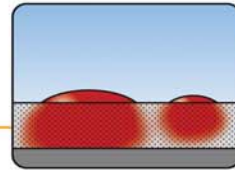

The floor of salons and medical centers have to withstand a great deal of wear and tear: high heels, which cause thousands of mini-holes, rolling chairs and trolleys – and finally various chemicals, disinfectants and dyes

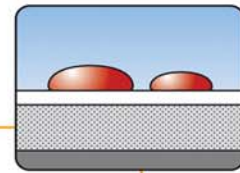

in use every day. What's more, clients expect the floor to make the best impression at all times – as the whole experience revolves around aesthetics.

**At some point in time, you think a completely new floor covering will be necessary.  
Its time to change the way you think!**

Without Marknomor chemicals can easily penetrate into the floor covering.

The Marknomor sealing makes sure that there is high resistance to dyes and chemicals.

## The appropriate solution: **Marknomor** – for medical centers, salons and laboratories.

- **protects against migrating discolorations from disinfectants, chemicals and dyes**  
because of dye resistance
- **reduces wear**  
due to maximum protection against friction marks and scratches
- **improves the level of hygiene**  
as a result of a microbiologically sealed surface
- **minimizes cleaning costs & extends lifetime of use**  
because repeated build-up of dirt is significantly reduced
- **always looks good and well looked after**  
due to a robust protective film and a surface which is extremely resistant to chemicals
- **guarantees the lowest possible business interruption**  
compared to costly replacement of floor coverings

### Continuously effective in regular use for:

Hospitals, medical practices, nursing homes, hairdressing salons, car and motorcycle showrooms, office rooms

### Especially suitable for:

Vinyl & design floors, linoleum & rubber floors

### Most Important:

- resistant against the migration of colored disinfectants, chemicals and dyes
- robustly prevents surface damage
- provides a constant standard of hygiene

**The ideal protection for floor coverings in medical centers, salons and more**

Hospital Corridor,

Doctor's surgery,

Bircher Hospital,
